## A family story

Rinox's success is largely based on the innovation and creativity shown by its founders, Horacio Correia and Rosa Ciccarello. They have anchored within their business the importance of family. Today their four children proudly participate in the evolution of the family business.

In addition, they are proud to pursue growth through the various activities of the Rinox Group, which now includes 3 divisions, 5 manufacturing facilities and over 100 distribution centers. They would like to highlight the expertise and remarkable loyalty of their employees, clients and partners throughout the past 25 years.

Thank you for being part of the big Rinox family.

# Manufacturing A Passion

In 1997, they were only five to start the manufacturing business.

Today, the company is fortunate to be able to count on its many dedicated employees. It is the synergy of these passionate people that contributes to the expansion of the Rinox Group.

See our team in action.
